

AIRLINER TREFFEN

10.-12.07.15

3. INTERNATIONALES AIRLINERTREFFEN

FLUGPLATZ OPPINGEN-AU

Altheim, 01.11.2014

Hello Model Pilots!

We would like to invite you to participate at the

**3. International Airliner- und Transport Planes - Meeting by
Fliegergruppe Gingen/Fils e.V.
From 10-12.Juli 2015
At Airfield (Flugplatz) Oppingen-Au**

We are hosting our 3rd Model Airliner Meeting two years after the last one as scheduled. As in 2013, it will take place on the (Full Size) Glider field of the Gingen / Fils e.V Club. We are inviting the owners and Pilots of **Airliner, Transport or Multi Engines Model Planes** to attend

Optimum conditions prevail with lots of space, unobstructed view's in all directions which make for ideal flying for very large models. The location is approved for models up to 25 kg. In weight. Heavier models of between 25 to 150 kg can obtain a special operating clearance **but must be registered at least 6 weeks before the meeting!**

The very long, grass runway will be especially prepared for even the smallest models before the event. Flying is permitted on Friday, 10th July **after 13.00** hour.

A **friendly get together** is arranged for all pilots for the Friday evening in the Club House. Arival can be before Friday if you wish. Camping is possible on site, or reasonable priced rooms can be booked for you if required.

The timing may be ideal for a short holiday in the surrounding area, the Schwabisch Alps. Accompanying persons can visit the city of ULM and the surroundings.

Enjoy the exchange of information and shop talk with equally minded people .

Don't forget that flying has the priority! **Participation without prior registration is not possible!**

An entertaining programme of events is planned for Saturday evening.

Flying will commence on Sunday morning after the open air church service.

Some well known pilots with extraordinary models have already registered.

We would be happy to welcome you to the Oppingen Airfield!

To make our life as organisers easier, we request your early registration using the attached Registration Form.

We look forward to an extraordinary and happy Model Flying – Weekend!
