

6. INTERNATIONALES AIRLINERTREFFEN

FLUGPLATZ OPPINGEN-AU

Altheim, 28.11.2020

**Dear R/C - Pilot,**

we are happy to invite you to

**6th international Airliner-Meeting 2021**

**Fliegergruppe Gingen/Fils e.V.**

**July 16-18th 2021 Airfield Oppingen-Au.**

This year, our traditional event is dominated by the Covid-19 crisis. Despite the pandemics we are optimistic to have a great time in summer 2021 and we would warmly welcome and invite you to the 2021 event. Invited are all model pilots who own **airliners, transporters or multi-engine aircraft.**

At this point of time, we are sure to be willed to enable an 2021 Airliner-Meeting for you and for all our visitors. How and in which form this will be possible can hardly be foreseen today in view of the dynamic development of political decisions. We very much hope that this unique and traditional event can continue and we do everything we can to ensure that the Airliner-Meeting will take place in 2021. If we have to comply with official restrictions such as an event without spectators, the airliner meeting will still take place. We will do everything we can to ensure that "our pilots" feel comfortable again!

We will inform the registered participants about the current status regularly and in good time. The information will be announced by e-mail and on the homepage [www.airlinertreffen.com](http://www.airlinertreffen.com).

The conditions are optimal. Space in abundance and a clear view in all directions. Ideal conditions, even for large models. The airfield is approved for models up to 25 kg, larger models over 25 kg to 150 kg receive a special permit. **Therefore please register at least 6 weeks before the event!**

The runway (grass runway) will be prepared again before the event, so that even smaller models can start easily. Flight operations are possible already on Friday, July 16<sup>th</sup> from 13:00 pm. The arrival can also be done earlier. Camping at the place is possible.
